2020 ANNUAL REPORT

TOMPKINS
CORTLAND
COMMUNITY COLLEGE
FOUNDATION

Although 2019-2020 was a turbulent year, the Foundation and College banded together to create new ways to address our students' needs, build partnerships, and look to the future to shape our community's College and ensure that the Foundation can support its mission. Without you and the devotion of the members of the Foundation Board, along with the generous sponsors and donors, we could not have fulfilled our mission to secure resources to enhance the learning opportunities for students of the College.

For many of our students, who are the first in their family to attend college, they need the support that only a community college can provide from the individualized case management approach to academics, housing, and wellness. Not only have our students worked endlessly through these changing semesters, they transitioned to fully online learning at a moment's notice and succeeded as they all faced new challenges inside and outside of the classroom.

Because of your continued support and generosity, our students have succeeded! TC3 can continue to offer access to high-quality education supported by faculty and staff that care deeply for our students, and it's because of you!

Sincerely,
Julie Gerg, Executive Director of the Foundation

TOMPKINS CORTLAND COMMUNITY COLLEGE FOUNDATION HISTORY

The Tompkins Cortland Community College Foundation was incorporated in 1978 to buttress the ongoing work of the College and encourage and accept private donations to support the institution's mission. Its driving work has been the creation of opportunity through accessibility. Whether it be financial support for students, property-based management support for the College, or equipment-related support for programs, the Foundation has always taken a flexible and innovative approach to the execution of its mission.

Direct Support for Students

Since 2001, the Foundation has awarded nearly \$5,315,000 million in scholarship money to support students. Each year students relay thanks to numerous donors for their support. Oftentimes this support is the difference between a student attending college or not attending, or having the resources to succeed when they attend.

Support for the Foundation has grown throughout its existence, with its first million-dollar contribution coming in 2007. In 2008, the Pathways Scholarship for adult students was established. To date, 466 students have received the scholarship and \$2,092,863 awarded.

Foundation Properties

The College itself cannot legally expand property holdings, so the Foundation assumes the role of active owner and manages properties throughout Ithaca, Cortland, and Dryden, with the goal of expanding opportunities for students and the communities served by the College. This manifests itself in the form of the TC3 Farm next to campus, extension centers in Ithaca and Cortland, and other properties throughout the area.

Leadership

The Tompkins Cortland Community College Foundation Board of Directors currently is comprised of 16 alumni, business leaders, and community leaders from Cortland County, Tompkins County, and Tioga County.

Donor Profile

Steven D. Franco, CIC, President
Bailey Place Insurance Agency, Inc.

WHY OUR DONORS GIVE

Bailey Place Insurance is a leading full-service independent insurance agency with offices throughout Central New York and the Finger Lakes. A leader in the community, Bailey Place Insurance is also a strong supporter of the Foundation.

WHY DO YOU FEEL IT IS IMPORTANT TO SUPPORT THE COLLEGE AND ITS STUDENTS?

I know that a College education changes lives. TC3 is a tremendous asset for the residents of Cortland and Tompkins Counties and I am very happy to be able to support the College and its students. I believe that by providing scholarship support for TC3 students, we can help the College attract excellent students and improve access to the College for students who come from modest means.

WHAT DO YOU SEE AS THE COLLEGE'S ROLE IN THE COMMUNITY, PRESENTLY AND MOVING FORWARD?

TC3 is a wonderful gateway to higher education. For many, attending TC3 is just the first step toward a four-year degree and graduate education. For others, it helps develop a specific skill set that enables them to get a good job. Also, by working with area businesses, TC3 helps to train our workforce for current and future needs.

WHAT WAS THE BENEFIT OF GIVING TO THE COLLEGE THROUGH THE COMMUNITY FOUNDATION?

Supporting TC3 through the Foundation directly helps the College and its students. The more successful the College is and the more successful its alumni are, the greater the positive impact on our community. I know so many TC3 alumni who are business owners and community leaders. I believe that the benefit of supporting TC3 through the Foundation today will directly strengthen the economy and culture of our community in the future.

DO YOU HAVE ANY EXPERIENCE IN THE COMMUNITY WITH TC3 GRADUATES AND/OR STUDENTS?

Many of our current (and past) employees are graduates of TC3.

CAN YOU TELL ME ABOUT YOUR HISTORY OF SUPPORT FOR THE TC3 FOUNDATION?

We have supported the Foundation for many years through annual gifts and the Bailey Place Insurance Agency, Inc. Scholarship.

Tompkins Cortland
Community College
is proud of our
alumni and what
they have achieved.

BECAUSE OF YOU,
an investment has been
made in the future.

2020 DISTINGUISHED ALUMNI

Chief F. Michael Catalano '79
Cortland City Police Department
Criminal Justice, A.A.S.

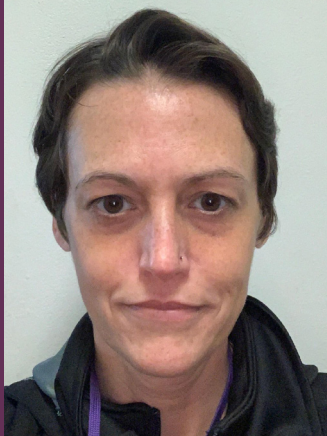

F. Michael Catalano is a 1979 graduate of the criminal justice program and is the Chief of Police for the City of Cortland. He was nominated for his dedication, growth, and commitment to his career as a police officer and the community.

Over the course of a 40-year career in law enforcement that started as a correction officer in the county jail, Catalano has served as a patrolman, sergeant, detective, lieutenant, deputy chief, and, since 2009, chief of the Cortland Police. During his tenure as chief the department earned its first Certificate of Accreditation from the New York State Law Enforcement Agency Accreditation Council for excellence and professionalism. Other highlights include the creation of both a Community Oriented Police Officer position and a School Resource Officer dedicated to the Cortland Enlarged City School District.

Catalano has a bachelor's degree from Empire State College and is a graduate of the FBI National Academy.

"Tompkins Cortland Community College has had a robust Criminal Justice Degree program for many years. I took advantage of the Associates Degree program right out of high school, graduating with an A.A.S. degree in 1979. It was one of the best decisions I made for my career path as a police officer. Eventually I became the chief of police of my hometown department in the City of Cortland. The timing of going to college at TC3 right out of high school was perfect, as most civil service testing eligibility requirements begin at age 19 or 20. It is important to show a potential police employer of your desire to learn during that lag time of reaching the age to take the test to become a police officer. College may be an expensive venture; however, you won't find a better value for higher education than at TC3. The cost of attending college was paramount for me in my younger years, and TC3's tuition rate is very attractive and benefited me greatly. TC3 is close to home, has great degree programs and instructors, and is affordable. It was the right choice for me and will be the right choice for anyone else who walks through its doors."

Julie Niederhofer '10
*Sampling Services
Nurse Manager,
Cayuga Medical Center,
Nursing, A.A.S.*

Julie Fairchild Niederhofer is a 2010 graduate of the nursing program. She is the Sampling Services Nurse Manager for Cayuga Health Systems. Her nomination cited her skilled and compassionate care, noting she serves as a source of consistency, strength, knowledge, and positivity to her colleagues.

Niederhofer has a bachelor's degree in nursing from Keuka College, and has worked as a Cancer Nurse Navigator at Guthrie Cortland Medical Center, a Care Coordinator in the Metabolic and Bariatric Surgery Program of Surgical Associates of CMA, and as a Registered Nurse at Cayuga Medical Center. Earlier this year she was part of a team from Cayuga Health to spend a month in New York City assisting with the pandemic response by working in an intensive care unit.

"I really need to give a lot of the credit to my instructors. Being a part of the nursing program, you get a group of instructors who follow you through the whole two years that you are there. And I cannot say enough about this incredible group of people that helped make me the nurse that I am today, and the fact that I am still colleagues with them, and had several of my instructors come to help us with COVID testing and this pandemic. It is amazing to have come full circle and I cannot give enough credit to the TC3 nursing program. It is amazing!"

Suzanne Burnham, '97
*Academic Outreach &
Program Coordinator,
College Initiative Upstate
Human Services, A.A.S.*

Suzanne Burnham is a 1997 graduate of the human services program and is now the Academic Outreach and Program Coordinator for College Initiative Upstate (CIU). She was nominated for serving as a role model and mentor to dozens of court-involved and formerly incarcerated CIU students who attend Tompkins Cortland.

After graduating from Tompkins Cortland, Burnham worked at Willard Drug Treatment before getting her bachelor's degree from Empire State College. She has been with CIU for four years, helping more than 100 people improve their lives by attending college, including through a first-in-the-state college prep alternative to incarceration program she helped to create.

"Tompkins Cortland Community College is a top-quality SUNY school where you can get a two-year degree or a certificate, enabling you to either work right out of the gate or give you that jumpstart into your next college journey and beyond! TC3's friendly and dedicated group of staff and instructors will guide you through the process of enrollment straight through to graduation and career choice. I cannot say enough about the support and encouragement I received while attending TC3. Many of the same instructors from 1997 (when I graduated) are still working there today. That really says a lot about a community college. Caring, compassionate, and right here in our own backyard. That's TC3!"

“Thank you so much! You have no idea how much I appreciate this award. I am working so hard to be successful and this helps in making my dreams into reality, so Thank you!”

“A HUGE thank you to Strategic Financial Services for giving me this opportunity. I was starting to fear that this semester through college was going to be a lot more stressful for me than usual due to my bill and everything with COVID-19 affecting my work. I will no longer be stressing over this and can make sure all my focus is on my schooling in order to further my education and obtain my degree. When I was given the news of receiving this scholarship I started crying (happy tears of course). Thank you again, beyond words.”

“I am so thankful to be selected for this scholarship! Having been out of college for 10 years, this is such a motivator to do well and keep growing with my career choice. Thank you so much!”

“I am honored and beyond grateful to be selected for the scholarship I have been selected for. This will enable me to finish my RN program that means everything to me so I may be able to support my children better and have a great life for my family. I have wanted to be a nurse for so long and the money I am receiving makes it possible to complete the program at TC3. Thank you for choosing me with the privilege of accepting this generous gift.”

“Thank you so much for this wonderful gift. Becoming an RN is something I’ve been dreaming of for almost 10 years. Rest assured this will be used to help me achieve that dream and help my community with my long sought-after degree.”
