

SUNY General Education Approved Courses

To earn a baccalaureate degree from a SUNY institution, a student must complete 30 credits of approved general education courses. These courses must be distributed among seven of ten content areas including Mathematics and Basic communication. All Associate of Arts (A.A.) and Associate of Science (A.S.) degree programs require a minimum of 21 credits of SUNY General Education coursework distributed among a minimum of four content areas. The approved TC3 courses for each SUNY knowledge and skill area are shown below.
